## University of Michigan

Section 5 of Article VIII of the Constitution of 1963 provides for the Regents of the University of Michigan. The board consists of 8 members elected for 8-year terms. The president of the university, who is elected by the board, is an ex officio member. The regents are a body corporate and have general supervision of the institution and the control and direction of all expenditures from the institution's funds.

The university was founded in 1817 with a grant of 1,920 acres of land ceded by the Great Lakes Indian nations for "a college at Detroit." The territorial legislature planned "a university of Michigania" as a territory-wide public educational system. It was moved to Ann Arbor in 1837 to take advantage of an offer of 40 acres of land at the edge of town. The acreage ceded by the Indians was sold, and the proceeds remain part of the university's permanent endowment. The university earned the title "Mother of State Universities" when it became the first model of a complete state university in America. The original 40-acre campus has expanded to over 3,153 acres (Ann Arbor campus) with 571 major buildings and 1,070 family housing units. The University of Michigan — Flint opened in 1956 with a gift from the Mott Foundation. The University of Michigan — Dearborn followed in 1958 on the land of the Henry Ford Estate, a gift of the Ford Motor Company.

### ***Schools and Colleges, Students and Faculty***

Almost every one of the university's academic schools and colleges ranks among the top in its field. The schools and colleges on the Ann Arbor campus are: A. Alfred Taubman College of Architecture and Urban Planning; School of Art and Design; Stephen M. Ross School of Business; School of Dentistry; School of Education; College of Engineering; Horace H. Rackham School of Graduate Studies; School of Information; School of Kinesiology; Law School; College of Literature, Science and the Arts; Medical School; School of Music, Theater and Dance; School of Natural Resources and Environment; School of Nursing; College of Pharmacy; School of Public Health; Gerald R. Ford School of Public Policy; and the School of Social Work. The Dearborn campus has 4 schools and colleges: the College of Arts, Sciences and Letters; College of Business; College of Engineering and Computer Science; and School of Education. The Flint campus has 4 schools and colleges: the College of Arts and Sciences; the School of Management; the School of Health Professions and Studies; and the School of Education and Human Services.

University of Michigan students, who hail from all 50 states and more than 135 countries, participate in over 1,200 student organizations; volunteer their time and talents in Ann Arbor, Detroit, and beyond; and broaden their horizons through the hundreds of concerts, lectures, and symposia Michigan hosts each year. Michigan's 521,000 living alumni continue to make substantial contributions to the world's intellectual, scientific, and cultural growth. Michigan's teaching faculty counts among its ranks distinguished world authorities, Pulitzer Prize winners, Nobel laureates, MacArthur grantees, and internationally acclaimed artists, composers, and performers who thrive in the university's open and collaborative atmosphere. Faculty at all levels have numerous opportunities to develop as researchers and teachers.

### ***Libraries and Museums***

The Library System has 24 libraries with more than 10.6 million volumes and over 83,000 serial titles. The university's libraries are national leaders in the development of digital library resources. There are 10 museums, including the Exhibit Museum of Natural History, Kelsey Museum of Ancient and Medieval Archaeology, Museum of Art, Museum of Anthropology, Sindecuse Museum of Dentistry, Museum of Paleontology, Museum of Zoology, University Herbarium, Stearns Collection of Musical Instruments, and the Detroit Observatory.

### ***Research***

In June, 2009, the University purchased the former Pfizer pharmaceutical research complex adjacent to the university's current North Campus. Known collectively as the North Campus Research Complex (NCRC), the nearly 2 million square feet of sophisticated laboratory facilities and administrative space could expand the university's research capacity by 10 percent. The university's impressive list of centers, institutes, and advanced research facilities includes the following: Automotive Research Center; Comprehensive Cancer Center; Center for Global Health; Center for Ultrafast Optical Science; Center for Wireless Integrated Microsystems; Erb Institute for Global Sustainable Enterprise; Graham Environmental Sustainability Institute; Zell-Lurie Institute for Entrepreneurial Studies; Center for Sustainable Systems; Center for the Study of Complex Systems;

Center for Human Growth and Development; Population Studies Center; Institute for Research on Women and Gender; Institute for the Humanities; Institute of Gerontology; Institute for Research on Labor, Employment and the Economy; Institute for Social Research; International Institute; Kresge Hearing Research Institute; Life Sciences Institute; Michigan Memorial Phoenix Energy Institute; Michigan Nanotechnology Institute for Medicine and Biological Sciences; Tauber Institute for Global Operations; Transportation Research Institute; and William Davidson Institute.

Research expenditures in 2009-2010 totaled \$1,139,493,986, one of the largest by any U.S. university. Federal agencies provided the largest portion of funds at 65.9%, with the remaining coming from U-M funds (24.7%), industry (3.4%), foundations (2.2%), and others.

**Medical Center**

The University of Michigan Health System comprises the U-M Medical School and its Faculty Group Practice, three U-M hospitals, 5 specialty centers, approximately 54 community health centers, over 120 outpatient clinics, and the Michigan Health Corp. The Health System consistently ranks among the best health care institutions in the nation; in 2010, it was ranked fourteenth overall by *U.S. News & World Report*, with 15 of its specialty areas ranked among the top 20. Also in 2010, U-M's C.S. Mott Children's Hospital received the highest ranking in the state from *U.S. News & World Report*, with national rankings for 8 of the 10 pediatric specialty areas featured in the report. Over 430 doctors from the U-M Health System were among the top 5 percent of practicing physicians in the 2011-2012 "Best Doctors in America" list. The U-M Medical School is ranked sixth in the nation by *U.S. News & World Report*. The U-M Health System was also selected for the 2009 Thomson Reuters Top 100 Hospitals list and was the sole finalist in the American Hospital Association's 2008 AHA-McKesson Quest for Quality prize.

**Economic Impact of the University**

The university, with campuses in Ann Arbor, Flint, and Dearborn, makes significant economic contributions to the state of Michigan. Direct contributions include revenue dollars that flow into the university, as well as goods and services purchased by the university, its employees, students, and visitors. U-M is Metro Detroit's second-largest employer; together the 3 campuses employ approximately 41,000 people with a total payroll and benefits of over \$3.5 billion. Student retail spending is estimated at more than \$300 million per year. Each home football game in Ann Arbor generates an estimated \$10 million for the local economy, and cultural activities attract more than 350,000 attendees each year.

**Gifts**

In addition to receiving funds from the state of Michigan, the University of Michigan also relies on private gifts that support student financial aid, research and teaching by faculty, facilities and programs. Many buildings and facilities on campus owe their existence to the generosity of donors. In the fiscal year that ended on June 30, 2010, more than 111,000 alumni and friends, corporations, foundations and associations demonstrated their commitment to the future of the university by making gifts.
